## One fish is good for all three pots

February 8, 2010

Yesterday's cold and windy weather proved productive for a few guys. Jason Lusty took Big Stringer, Big Bass, and broke the Calcutta yesterday with one fish weighing 6.99 lbs. Gary Lightfoot's one bass weighed 6.84, good for second place, and Leif Neeley came in 3<sup>rd</sup> with one fish weighing 4.66. All told six anglers brought in one fish each. While not quite whacking them it was an improvement over last month's giant suck-fest. I'm sure that everyone else was happy as I was when the rain started coming down with a couple of hours left in the tournament.

I will be the first to admit that we have had sort of a slow start this year but it is still early and cold. The way I see it if we can draw 22 anglers to fish in muddy cold water in February we should be ready for some awesome turn-outs in March, April, and May. We didn't see many fish this weekend but we did see some fat, egg-filled bellies. The first words that come to mind for Amon Carter and Hubbard Creek are, well, Game On. Good luck to everyone next month.

Welcome new members Donnie Martindale and Gentry Martindale. Welcome back returning members Gary Lightfoot and Ricky Vantrease.
