March	Amon Carter
April	Hubbard Creek
May	Quitman Fork
June	Ray Roberts
July	Hubbard Creek
August	Granbury
September	Lake Leon
October	Bob Sandlin Cypress Springs
November	Championship

Hot Weather Continues, Good Fortune Had By Some

August 4, 2010

Much the same as last month I want to apologize for not sending this out sooner. I don't like to keep you all waiting but things are simply what they are. I will try to do better but every day I have to make choices about what gets done and what does not, and unfortunately the WSBC has had to wait longer that I would have liked.

We had a little movement in the standings this month. Jeff Stevens and Robert Harris moved up into the top 10, several other folks moved up as well. Of course this means that a few others fell a notch or two, go check the standings and see where you came in. With four weigh-ins left this year and less than 10 pounds separating 18th from 10th I think that the race is still on.

Here are the stats. We had 26 anglers at Hubbard Creek. Jason Lusty & Robert Harris took 1st place with a five fish stringer weighing 19.46. Second place was Ryan Moore & Mark Miller with four that went 14.48. Third place was Jimmy Erwin & Gary Witulski with five fish weighing 13.62. Big bass for the day was Ryan Moore with 8.99.

Our next tournament will be held on Lake Granbury August 8th from 6am to 3pm. Maybe Team Legend will end up getting to motor away from the ramp for the first time since Lake Fork. Good luck to all next month.
